

NOTICE OF DETAIL DESIGN COMMENCEMENT
Highway 410 and Courtneypark Drive Ramp Reconfiguration and Bridge Widening
Detail Design and Class Environmental Assessment Study – G.W.P. 2107-16-00

THE PROJECT

The Ontario Ministry of Transportation (MTO) has retained AECOM to undertake a Detail Design and Class Environmental Assessment (EA) Study for the reconfiguration of the Highway 410 / Courtneypark Drive interchange including a new on-ramp from Courtneypark Drive to Highway 410 northbound, and a new off-ramp from Highway 410 southbound to Courtneypark Drive. Minor modifications will also be required to the southbound Highway 410 on and off-ramps at Derry Road in order to introduce the new southbound off-ramp at Courtneypark Drive. This project also involves widening of the Courtneypark Drive Bridge (Site 24-441/1&2) over Highway 410.

A Transportation Environmental Study Report (TESR) was prepared during the Preliminary Design for the *Highway 410 Improvements from South of Highway 401 Northerly to Queen Street* (W.O. 00-23020) project which received Environmental Clearance in November 2010. The project limits are located within the City of Mississauga and the Regional Municipality of Peel.

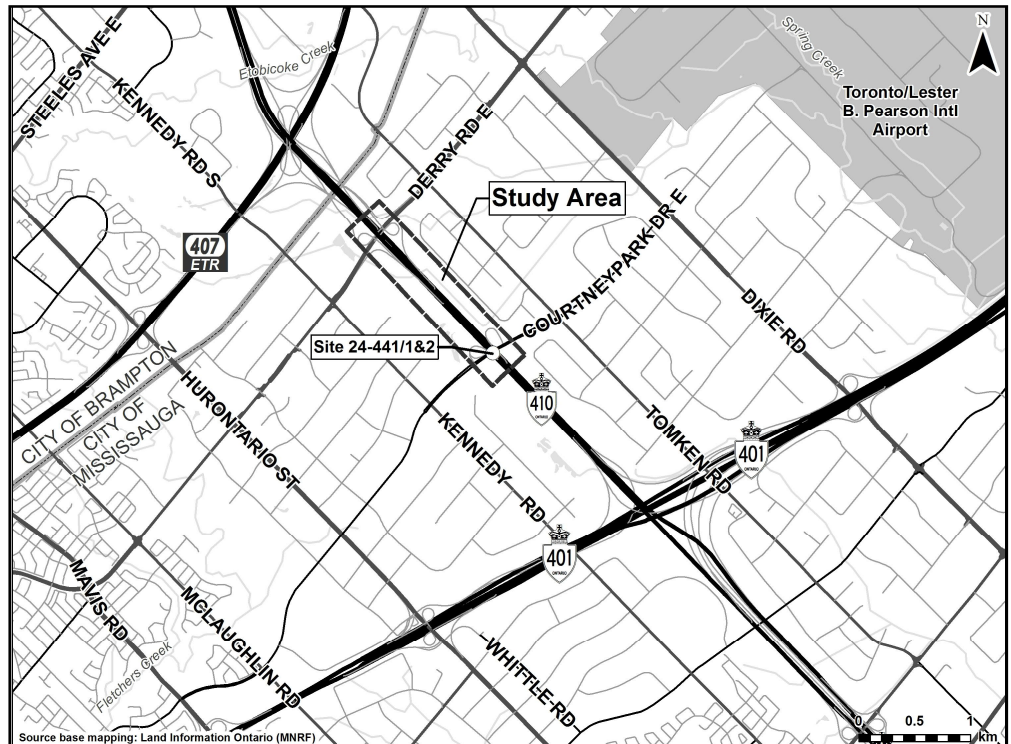

THE PROCESS

This project will follow the planning process for a Group "B" project under the *Class Environmental Assessment for Provincial Transportation Facilities (2000)*, with the opportunity for public input throughout the project.

A Design and Construction Report (DCR) will be prepared to document the study process, design details, environmental impacts and mitigation measures, and the consultation undertaken throughout the project. The DCR will be made available for a 30-day review period. The DCR review period will be advertised in local newspapers, the project website, and mailed to those on the project contact list.

COMMENTS

To obtain additional information, provide comments, or to be added onto the project mailing list, please contact the Project Team as follows:

Wan Chi Ma, P. Eng.
Project Manager

Ministry of Transportation – Central Region
Highway Engineering, Peel and Halton
159 Sir William Hearst Avenue, 4th Floor
Toronto, ON M3M 0B7
Tel: 416-235-4068; Fax: 416-235-3576

Tim Sorochinsky, P. Eng.
Senior Project Manager

AECOM
30 Leek Crescent, 4th Floor
Richmond Hill, ON L4B 4N4
Tel: 905-882-4401
Fax: 905-882-4399

Holly Wright, M.E.B., MCIP, RPP
Senior Environmental Planner

There is an opportunity at any time during the project for interested persons to provide input to the Project Team. Comments are being collected to assist MTO in meeting the requirements of the *Ontario Environmental Assessment Act*. This material will be maintained on file for use during the study and may be included in project documentation. Information collected will be used in accordance with the *Freedom of Information and Protection of Privacy Act*. With the exception of personal information, all comments will become part of the public record. If you have any accessibility requirements in order to participate in this project, please contact the Project Team members listed above.
